

# Virtual Pet Store

## Product Content & Safety

The pet food is made with high-quality, locally sourced ingredients. We use real animal proteins like meat, fish, and poultry as the first ingredients. No artificial colors or flavors.

All non-food items are manufactured using pet-safe, non-toxic materials that meet or exceed industry safety standards. Each product undergoes rigorous testing to ensure the safety and well-being of your pets.

We provide clear and transparent information about ingredients, helping pet owners be aware of any potential allergens. We also offer samples to ensure pet enjoys the taste and nutrition.
